

CORRECTIONS
REGARDING THE REISSUANCE OF THE FOLLOWING NPDES PERMIT
SPRAGUE ENERGY MA0020869

Introduction:

The U.S. Environmental Protection Agency (EPA) and the Massachusetts Department of Environmental Protection (MassDEP) solicited public comments from February 16, 2007 through March 17, 2007 on the draft National Pollution Discharge Elimination System (NPDES) permit to be issued to Sprague Energy. During the public-notice (comment) period EPA-New England received no formal comments. EPA did, however, note a typographical error in the permit which has been corrected. This correction is summarized below and is reflected in the final permit.

Corrections

1. The language in the Storm Water Pollution Prevention Plan (SWPPP) requirements (Part I.B.1.) has been modified from “but limited to...” to read “but *not* limited to...”
